- **Pocket Clip:** Tip-up
- **Lock Mechanism:** Liner Lock
- **Open Way:** Flipper
- **Blade Finish:** Satin
- **Blade Grind:** Flat
- **Regular MOQ:** 600
- **Remark:** Exclusive ODM in terms of steel and handle materials

A Unique Blend of Elegance and Functionality

Superior Blade Craftsmanship

The YC25A leverages the strength and resilience of **7Cr17MoV stainless steel** for its blade, ensuring superior performance. Known for its excellent balance between toughness and corrosion resistance, this material is ideal for those needing a reliable daily carry or an adaptable outdoor tool.

The **drop point blade style** offers a versatile design that excels in precision tasks, making it perfect for both everyday use and specialized applications. With a satin finish and flat grind, the blade delivers a sleek appearance and a sharp, consistent edge that is easy to maintain.

Elegant and Ergonomic Handle

The handle of the YC25A is crafted from **color wood**, a material that combines natural beauty with strength. The blue hue of the handle not only adds an aesthetic appeal but also distinguishes the knife as a sophisticated tool.

Measuring **0.551" (14mm)** thick, the handle provides a comfortable and secure grip, ensuring stability during use. This ergonomic design makes the YC25A an excellent choice for extended use, providing comfort without sacrificing control.

Perfectly Balanced for Optimal Use

At **3.26 oz (92.5g)**, the YC25A is lightweight yet robust, offering the perfect balance between portability and functionality. Its total length of **6.81" (173mm)** ensures that it fits comfortably in the hand and pocket, making it ideal for users who require both discretion and effectiveness.

Advanced Features for Enhanced Usability

Reliable and Secure Locking Mechanism

The **liner lock mechanism** of the YC25A ensures that the blade remains firmly in place when in use, providing an extra layer of safety and reliability. This feature is crucial for users who demand both security and ease of use from their knives.

Efficient and Quick Deployment

Equipped with a **flipper opening mechanism**, the YC25A allows for swift and smooth one-handed deployment. This feature is invaluable in situations where quick access is essential, enhancing the knife's practicality and ease of use.

Convenient Carry Options

The **tip-up pocket clip** facilitates easy and secure attachment to pockets or gear, ensuring the knife is always within reach. This thoughtful design element enhances the knife's functionality as a daily carry tool.

The Shieldon Commitment: Exclusivity and Customization

Exclusive Design Rights

At Shieldon, we believe in offering products that provide our customers with a competitive edge. The YC25A is available exclusively to the first customer who orders it, guaranteeing that your brand stands out with a unique product that no competitor can claim.

Tailored to Your Brand's Needs

We understand that every brand is distinct, and our ODM services are designed to reflect that uniqueness. From custom branding to specific design elements, we ensure that the YC25A aligns perfectly with your brand's identity and market strategy.

Uncompromising Quality Assurance

Our dedication to quality is reflected in every YC25A knife. Rigorous testing and quality control procedures ensure that each knife meets the highest standards of durability and performance, providing peace of mind for you and your customers.

The Shieldon Process: From Vision to Reality

Step 1: Initial Consultation and Concept Development

Our journey begins with a comprehensive consultation, where we delve into your brand's vision and objectives. This collaborative approach ensures that we fully understand your needs and can translate them into a tangible product.

Step 2: Design and Prototyping

With a clear concept in mind, our design team creates detailed 3D models and prototypes of the YC25A. This phase allows for testing and refinement, ensuring the knife meets your specifications and expectations.

Step 3: Production and Customization

Upon approval of the prototype, full-scale production begins. Our state-of-the-art facilities and skilled workforce ensure efficient manufacturing while offering customization options that make your product truly unique.

Step 4: Branding and Packaging

Our graphic design and packaging teams work to develop branding elements and packaging solutions that enhance the knife's appeal. This ensures that your product is market-ready with a strong visual identity.

Why Choose Shieldon?

Expertise and Innovation

With over 25 years of experience in knife manufacturing, Shieldon is a leader in innovation and quality. Our expertise ensures that you receive a product that not only meets industry standards but also incorporates the latest advancements in design and materials.

Integrated and Comprehensive Services

Our all-encompassing approach to design, production, and branding simplifies the process, allowing you to focus on what matters most—growing your brand. With Shieldon, you have a single point of contact for all your needs, ensuring efficiency and consistency.

Conclusion: Secure Your Exclusive YC25A Model Today

The YC25A folding knife is more than just a tool; it is a testament to your brand's ability to innovate and lead in the market. By securing this exclusive design, you gain access to a unique product that sets you apart from the competition. Contact Shieldon Manufacturing & Trading Combo today to discover how our ODM services can elevate your brand. With Shieldon, your brand doesn't just offer a product; it delivers distinction and excellence.

Elevate Your Brand with Shieldon's OEM/ODM Folding Knife Project Services

Introduction: Expertise You Can Trust

In the world of knife manufacturing, precision, reliability, and innovation are key. Shieldon Manufacturing & Trading Combo has been at the forefront of the industry, offering top-notch OEM and ODM folding knife project services for over 25 years. Our extensive experience ensures that we deliver products that not only meet but exceed client expectations. By signing a Non-Disclosure Agreement (NDA), we guarantee confidentiality and security for all your proprietary ideas, ensuring your concepts remain uniquely yours.

The Shieldon Advantage: Expertise and Innovation

A Legacy of Excellence

With decades of experience, Shieldon has honed its expertise in crafting high-quality folding knives that cater to a diverse range of needs. Our rich history in the industry enables us to deliver products that embody both traditional craftsmanship and modern innovation.

- **Proven Track Record:** Our portfolio includes collaborations with global brands and designers, each tailored to meet specific requirements and market demands.
- **Innovative Approaches:** We continually invest in the latest technologies and methodologies, ensuring our manufacturing processes are at the cutting edge of the industry.

Tailored Solutions for Unique Needs

At Shieldon, we understand that every client has unique needs and preferences. Our OEM/ODM services are designed to provide customized solutions that reflect your brand's identity and values.

- **Comprehensive Customization:** From blade materials and styles to handle designs and finishes, we offer a wide range of options to suit your specific requirements.
- **Collaborative Development:** Our team works closely with you throughout the design and production process, ensuring that your vision is realized with precision and fidelity.

Confidentiality Assured: The Importance of NDAs

Protecting Your Intellectual Property

At the heart of every successful product is a great idea. Shieldon takes the protection of your intellectual property seriously. By signing an NDA, we ensure that your designs, concepts, and trade secrets remain confidential.

- **Secure Collaboration:** NDAs provide a legal framework that ensures all shared information between parties remains private, allowing for open and candid discussions.
- **Trust and Transparency:** Our commitment to confidentiality fosters a trusting relationship, enabling us to collaborate effectively and deliver exceptional results.

Safeguarding Your Competitive Edge

In an industry where innovation is key, maintaining your competitive edge is crucial. Our NDA agreements ensure that your pioneering ideas are safeguarded, allowing you to bring unique products to market with confidence.

- **Exclusive Rights:** Our commitment to exclusivity means that your designs will never be replicated or used for other clients, ensuring your brand retains its distinct identity.
- **Market Leadership:** By protecting your innovations, you can confidently lead the market, secure in the knowledge that your concepts remain uniquely yours.

The Shieldon Process: From Concept to Completion

Step 1: Initial Consultation and NDA Signing

Our collaboration begins with an in-depth consultation to understand your brand's vision, goals, and specific requirements. We then formalize our commitment to confidentiality by signing an NDA, setting the stage for a secure and productive partnership.

- **Comprehensive Understanding:** We delve into your brand ethos and market positioning, ensuring that our efforts align with your strategic objectives.

Step 2: Design and Prototyping

With confidentiality assured, we embark on the design and prototyping phase, turning your ideas into tangible concepts.

- **Advanced 3D Modeling:** Our expert designers use state-of-the-art software to create detailed 3D models, allowing you to visualize the final product.
- **Iterative Prototyping:** We develop prototypes for testing and feedback, refining the design until it perfectly matches your vision.

Step 3: Precision Manufacturing

Upon approval of the design, we move into the production phase, leveraging our advanced manufacturing capabilities to produce high-quality folding knives.

- **Cutting-Edge Facilities:** Our modern production facilities and skilled workforce ensure efficient and accurate manufacturing.
- **Stringent Quality Control:** Each knife undergoes rigorous testing to ensure it meets our high standards of quality and performance.

Step 4: Branding and Delivery

Our services extend beyond production, offering comprehensive branding solutions to enhance your product's market appeal.

- **Custom Branding Solutions:** We provide bespoke branding elements, from logos to packaging designs, ensuring your product stands out on the shelves.

- **Efficient Logistics:** Our streamlined logistics and delivery services ensure that your products reach the market on time, ready for sale.

The Benefits of Choosing Shieldon

Expertise and Versatility

Our extensive experience and versatile capabilities make Shieldon the ideal partner for OEM/ODM knife projects. Whether you're launching a new product line or enhancing an existing one, we offer the expertise and resources to bring your vision to life.

- **Diverse Capabilities:** From tactical knives to specialized tools, our range of production capabilities allows us to cater to a wide variety of sectors and applications.
- **Global Reach:** Our international presence and network enable us to serve clients across the globe, delivering world-class products to diverse markets.

Efficiency and Cost-Effectiveness

By managing the entire process in-house, Shieldon offers a seamless and cost-effective solution that saves you time and resources.

- **Integrated Services:** Our all-in-one approach, from design to production to branding, ensures a streamlined process with minimal overhead costs.
- **Competitive Pricing:** Our efficient production techniques and economies of scale allow us to offer competitive pricing without compromising on quality.

Innovation and Quality

At Shieldon, innovation and quality are at the core of everything we do. Our commitment to excellence ensures that you receive products that not only meet but set industry standards.

- **Continuous Improvement:** We continually refine our processes and invest in new technologies to stay ahead of industry trends and deliver cutting-edge solutions.
- **Exceptional Craftsmanship:** Our skilled artisans and engineers bring a wealth of experience and attention to detail to every project, ensuring the highest quality outcomes.

Conclusion: Partner with Shieldon for Success

Choosing Shieldon for your [OEM/ODM folding knife](#) project services means choosing a partner dedicated to your success. Our commitment to confidentiality, combined with our expertise and innovative capabilities, ensures that your brand can confidently bring unique and high-quality products to market. Contact us today to discover how our services can elevate your brand, and let us help you turn your vision into reality. With Shieldon, your brand doesn't just offer a product; it defines excellence.
